

A well maintained house will holds its value.

HVAC systems must be serviced once a year to avoid any possible brake down.

Gutters should be cleaned and leveled once a year after fall season is over.

Bushes around the house near the foundation should be trimmed short so the foundation of the house can be expose to the sun light.

If you need any remodeling please contact and we will be happy to provide you a quote. Please also visit us at www.ECC-Built.com

If you need to purchase from Lowe' we can send you a coupon for 10% off; Please email us we will be happy to mail it out.
